Operations Summary:

This report does not include pesticide usage for August because the reporting period concluded before the end of the month. August's pesticide usage will be included in next month's board report.

The District continues investigating the unmaintained swimming pools identified by aerial surveillance. The department staff is working with local code enforcement to gain access before beginning the process to obtain inspection warrants for properties where access is denied.

The surveillance team continues to detect West Nile virus activity in birds and mosquitoes throughout the District. The Operations department responds to each case with enhanced investigation and control measures.

Enhanced neighborhood support continues to be conducted in several neighborhoods that includes door to door property inspections and delivery of educational material. The effort is twofold, to identify and eliminate residential sources of mosquito habitat and to alert residents to the potential threat of West Nile virus and teach them how to protect themselves.

SURVEILLANCE DEPARTMENT

Disease Weeks 31 - 34 | July 31 - August 27

Insect Surveillance Activities

Mosquito surveillance was conducted using gravid and BG trap types. Between 60 - 100 traps were set each week.

Average mosquitoes per trap stayed steady throughout the month, hovering between \sim 29 – 35 mosquitoes per trap.

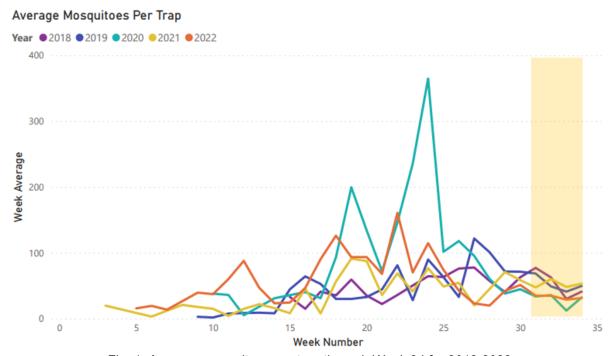

Fig. 1: Average mosquitoes per trap through Week 34 for 2018-2022.

The average number of invasive *Aedes* mosquitoes caught per trap saw a spike through Week 32 at ~3.4 *Aedes* per trap and have since been on a decline.

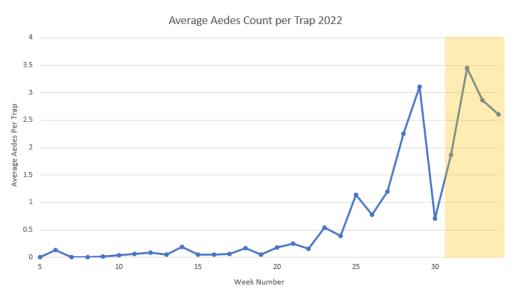

Fig. 2: Average invasive Aedes mosquitoes per trap through Week 34 for 2022.

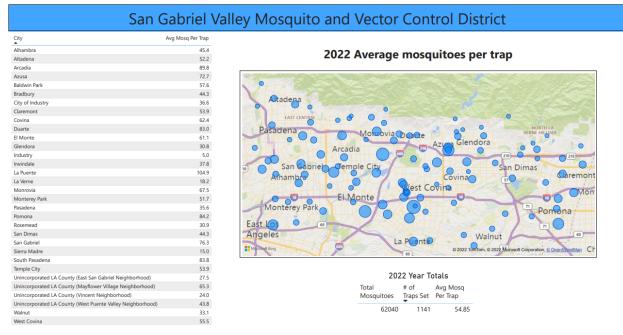

Fig. 3: Average mosquitoes per trap by sampling location and by city/community. The size of the bubbles on the map reflects the relative numbers of mosquitoes caught at each trap.

Enhanced mosquito surveillance was conducted in addition to routine surveillance.

In Weeks 32-33, 7-8 sites were trapped per week in Pasadena and San Gabriel in addition to our routine surveillance traps. In Week 32, 7 of 8 pools of *Culex quinquefasciatus* females tested positive for WNV. In Week 33, 6 of 8 pools tested positive for WNV.

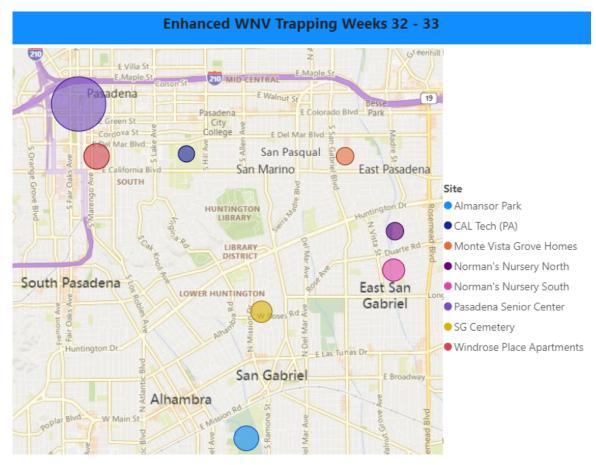

Fig. 4: Enhanced WNV trapping locations. The size of the bubbles on the map reflects the relative numbers of mosquitoes caught at each trap.

Enhanced *Aedes* surveillance was conducted in 4 locations. In each area of interest, 6-7 sites were identified for trapping. Most of sites were set with one Gravid trap and one BG trap. Each site was trapped for two consecutive weeks. Rosemead will be trapped for the second time in Week 35.

MEMORANDUM

To: Los Angeles County Independent Special Districts

From: William F. Kruse, Special Counsel

Date: July 27, 2022

Subject: Nomination of Candidates for Special District Voting Member

As you know, since 1994 special districts in Los Angeles County have been represented by two voting members and one alternate member of the Local Agency Formation Commission. It is with great sadness that we announce the death of sitting Commissioner E. G. "Jerry" Gladbach. Mr. Gladbach was elected in April 2022 to serve as Commissioner with his term ending in May 2026. On behalf of the special districts of Los Angeles County, LAFCO has appointed us to assist in conducting the elections to fill this vacancy.

By law, independent special district seats on LAFCO are filled by the Special District Selection Committee. That Committee is made up of the presiding officers of each independent special district in Los Angeles County.

In order to expedite the process of electing the voting member to fill Mr. Gladbach's remaining term, I have included a form to be used to nominate candidates for consideration for the position. After nominations are received, each district will receive a complete package of nominee resumes, together with a ballot for consideration by the presiding officer of your board. Voting will be conducted by mailed ballot.

Nominations for the Committee's consideration are welcome. Please provide as much relevant information about the candidates as reasonably possible. Any biographical information and/or candidate statement should be <u>limited to one page</u>. Please remember that, to be eligible, the nominee must be an elected official or appointed to your board for a fixed term. Nominations must be received in the office of Lagerlof, LLP, **ATTN: WILLIAMF. KRUSE**, no later than **5:00** p.m. on **September 21, 2022**.

Please feel free to contact me directly with any questions.
