

San Gabriel Valley Mosquito and Vector Control District
Board of Trustees Meeting
May 8, 2020 – 7:00 a.m.
1145 N. Azusa Canyon Road, West Covina, CA 91790

IMPORTANT NOTICE REGARDING COVID-19 AND TELECONFERENCED MEETINGS:

Based on the mandates by the Governor in Executive Order 33-20 and the Los Angeles County Public Health Department "Safer at Home" declaration to minimize the spread of the coronavirus, please note the following changes to the District's ordinary meeting procedures:

- The District offices are not open to the public at this time. (See District's Administrative Declaration of Local Emergency)
- The meeting will be conducted via teleconference using Zoom. (See Executive Order 29-20)
- All members of the public seeking to observe and/or to address the local legislative body may participate in the meeting telephonically or otherwise electronically in the manner described below.

HOW TO OBSERVE THE MEETING:

Telephone: Listen to the meeting live by calling Zoom at (669) 900-6833. Enter the Meeting ID# 658 616 453 followed by the pound (#) key. More phone numbers can be found on Zoom's website at <https://zoom.us/u/acKGc2g5eB> if the line is busy.

Computer: Watch the live streaming of the meeting from a computer by navigating to <https://zoom.us/j/658616453> using a computer with internet access that meets Zoom's system requirements (see <https://support.zoom.us/hc/en-us/articles/201362023-System-Requirements-for-PC-Mac-and-Linux>)

Mobile: Log in through the Zoom mobile app on a smartphone and enter Meeting ID# 658 616 453.

HOW TO SUBMIT PUBLIC COMMENTS:

Before the Meeting: Please email your comments to district@sgvmosquito.org, write "Public Comment" in the subject line. In the body of the email, include the agenda item number and title, as well as your comments. If you would like your comment to be read aloud at the meeting (not to exceed three minutes at staff's cadence), prominently write "Read Aloud at Meeting" at the top of the email. All comments received before 5:00 AM the day of the meeting will be included as an

agenda supplement on the District's website under the relevant meeting date and provided to the Trustees at the meeting. Comments received after this time will be treated as contemporaneous comments.

Contemporaneous Comments: During the meeting, the Board President or designee will announce the opportunity to make public comments and identify the cut off time for submission. A short recess (generally less than 10 minutes) will take place during the time public comment is open to allow the comments to be collected. Please email your comments to district@sgvmosquito.org, write "Public Comment" in the subject line. In the body of the email, include the agenda item number and title, as well as your comments. Once the public comment period is closed, all comments timely received will be read aloud at the meeting (not to exceed three minutes at staff's cadence). Comments received after the close of the public comment period will be added to the record after the meeting.

1. Call to order (7:00 a.m.)

(Board President, Becky Shevlin)

2. Pledge of Allegiance and Roll Call

3. Opportunity for Public Comment on Non-Agenda Items

(Individual Public Comments may be limited to 3-minutes or less)

During Public Comments, the public may address the Board on any issue within the District's jurisdiction that is not on the agenda. The public may comment on any item on the Agenda at the time that item is before the Board for consideration. There will be no dialog between the Board and the Commenter. Any clarifying questions from the Board must go through the Board President.

4. Consent Calendar

All matters listed under the Consent Calendar are considered to be routine and will be enacted by one motion. Any member of the Board may pull an item from the Consent Calendar for additional clarification or action.

4.1. List of Claims for the month of April 2020*

4.2. Budget Status Report for April 2020*

4.3. Minutes of Board of Trustees Meeting April 2020*

4.4. Operations Report April 2020*

4.5. Surveillance Report April 2020*

4.6. Communications Report April 2020*

4.7. March Treasurer Report / District Working Balance for May 2020*

- 5. Preliminary Engineer's Report for Board Review***
(District Manager, Jared Dever) (Melanie Guillory-Lee, Consultant, SCI)
- 6. Review FY 2020/2021 Annual Budget Draft***
(District Manager, Jared Dever) (Discussion)
- 7. District's Administration**
 - 7.1. COVID-19 Update
 - 7.2. Form 700
- 8. Committee Reports**
 - 8.1. Personnel and Policy Committee (Committee Chair, Richard Barakat)
- 9. Trustee Reports**
(Verbal Reports)
- 10. New Business**
Opportunity for Trustees to request future agenda items
- 11. Adjournment**

CERTIFICATE OF POSTING

This agenda shall be made available upon request in alternative formats to persons with a disability as required by the American with Disabilities Act of 1990 (42 U.S.C. §12132) and the Ralph M. Brown Act (California Government Code §54954.2). Persons requesting a disability related modification or accommodation in order to participate in the meeting should contact the San Gabriel Valley Mosquito and Vector Control District at (626-814-9466) during regular business hours, at least twenty-four hours prior to the time of the meeting.

Materials related to an item on the Agenda submitted after distribution of the agenda packet are available for public inspection in the San Gabriel Valley Mosquito & Vector Control District Office located at 1145 North Azusa Canyon Road, West Covina, CA 91790 during normal business hours.

Marta Tanaka
Clerk of the Board, San Gabriel Valley MVCD
Board of Trustees

Notice to the Public

It is the intention of the San Gabriel Valley Mosquito and Vector Control District (District) to comply with the Americans With Disabilities Act (ADA) in all respects. If, as an attendee or a participant at this meeting, you will need special assistance beyond what is normally provided, the District will attempt to accommodate you in every reasonable manner.

Please contact the Clerk of the Board at (626) 814-9466. Assisted listening devices are available at the meeting for individuals with hearing impairments. Notification 48 hours prior to the meeting will enable the District to make reasonable arrangements to ensure accessibility to this meeting. (28 CFR 35.102-35.104 ADA Title II)

1. The first part of the document discusses the importance of maintaining accurate records of all transactions and activities. It emphasizes that this is crucial for ensuring transparency and accountability in the organization's operations.

2. The second part of the document outlines the specific procedures and protocols that must be followed when recording transactions. This includes details on how to handle receipts, invoices, and other financial documents, as well as the required frequency and format of reporting.

3. The third part of the document provides a detailed overview of the various systems and tools used to manage and analyze the recorded data. It describes how these systems are integrated into the organization's overall workflow and how they facilitate the generation of reports and insights.

4. The final part of the document concludes with a summary of the key points discussed and offers recommendations for ongoing improvement and compliance. It stresses the need for regular audits and updates to the record-keeping processes to ensure they remain effective and aligned with current regulations.

San Gabriel Valley Mosquito and Vector Control District
1145 N. Azusa Canyon Road, West Covina, CA 91790
Minutes of April 10, 2020 Board Meeting

Call to order

Board President Becky Shevlin called the meeting to order at 7:07 a.m.

Pledge of Allegiance and Roll Call

Trustee Tim Sandoval led the Pledge of Allegiance

Attendance was taken by roll call.

Opportunity for Public Comment on Non-Agenda Items

None

Consent Calendar

A motion made by Trustee Margaret Finlay and seconded by Trustee Corey Calaycay to approve consent calendar was approved by a roll call vote.

**Consider Amendment to Personnel and Salary Resolution No. 92-11:
Article IV Section 10 - Rights of Victims of Domestic Violence ***

District Manager Jared Dever advised that this code was passed in 2017 but was not formally adopted by resolution to district policies at that time.

District Manager Dever explained that this law allows employees to take time off work to deal with issues of domestic violence.

A motion made by Trustee Richard Barakat and seconded by Trustee Joseph Leon to Amend Personnel and Salary Resolution No. 92-11: Article IV Section 10 – Rights of Victims of Domestic Violence was approved by a roll call vote.

Consider Amendment to Personnel and Salary Resolution No. 92-11: Article VIII Section 6 - Lactation Accommodation Policy*

District Manager Jared Dever advised this agenda item was carried over from the March 2020 board meeting that was cancelled.

Dever reported that this new law stipulates that employers provide break periods, private area(s) for employees to express breast milk, electrical outlets, and refrigeration for storage.

Dever further advised that the Amendment date listed on the resolution will be changed to April 10, 2020.

A motion made by Trustee Richard Barakat and seconded by Trustee Emmett Badar to Approve Personnel and Salary Resolution No. 92-11: Article VIII Section 6 - Lactation Accommodation Policy was approved by roll call vote.

Ratify Executive Committee Action Taken on March 17, 2020: Administrative Declaration of Local Emergency*

District Manager Jared Dever reported that a meeting of the Executive Committee was convened on March 17, 2020, to vote on an Emergency Declaration of Local Emergency. The Declaration was composed to comply with state mandates to implement social distancing orders, reduce occupancy levels in office, and take additional measures to protect employees and public.

Dever explained that the Emergency Declaration allows the District Manager to stagger shifts, place employees on paid leave or work-from-home status, close the facility to the public, and suspend service requests. Dever advised that the Emergency Declaration could be discontinued or suspended at any time by action of the Executive Committee, or superseded by action of the Governor of California or Health Officer of the State of California.

Dever stated that the Emergency Declaration was reviewed legal counsel and advised that it may allow the district to recoup funds expended during the emergency at a later time.

A motion made by Trustee Bissner and seconded by Trustee Calaycay to Ratify the Executive Committee Action Taken on March 17, 2020: Administrative Declaration of Local Emergency was approved by roll call vote.

2020 SGVMVCD Board of Trustees Committee Assignments*

Board President, Becky Shevlin reported that the final Committee Assignments were included in the board package and thanked trustees for their service.

District's Administration

1.1. COVID-19 Response Update

District Manager Jared Dever reported the efforts undertaken by district staff to maintain services while complying with social distancing orders. He detailed that the Communications Department has shifting to outreach and education to all digital platforms, field staff are monitoring only sources not located on personal property, and multiple department staff members are working staggered schedules.

Dever reported that while the district is closed to the public, service requests are still being taken and will be responded to when restrictions are lifted and regular services can resume.

Dever explained that a recent challenge has been lack of restroom access for field staff, and asked Trustees to request access to city facilities for staff use. Dever offered to provide a letter of essential services if needed.

Other changes include approving compensation for purchase of facemasks by staff and implementation of daily health check questionnaire.

Mosquito and Vector Control Association of California 2020 Legislative Day

District Manager Jared Dever reported that all legislation and funds discussed at the Mosquito and Vector Control Association of California 2020 Legislative Day are no longer available since the legislature is focusing on bills relating to COVID 19 at this time.

Department Reports

Board President Becky Shevlin pointed out that the Department Reports were included in the Consent Calendar and will continue in written format while meetings are held by teleconference.

Trustee Reports

Trustee Roger Chandler reported that Trustee Jamie Bissner's father passed away and offered condolences.

New Business

Trustee Chandler requested future agenda items to include the annual performance review for the District Manager.

Board President Becky Shevlin reported that a meeting of the Personnel and Policy Committee will need to be convened prior to the May board meeting.

Adjournment

The meeting was adjourned at 7:57 a.m.

Operations Department Summary

Wet weather at the beginning of the reporting period prevented field operations for a full week. Field staff used the time as an opportunity to complete three certification training courses with the FEMA Emergency Management Institute online. The three courses focused on the Incident Command System (ICS), National Incident Management System (NIMS), and the Safety and Environmental Management Systems (SEMS). These courses will better prepare district staff to respond to public health emergencies, coordinate with other agencies, and manage resources during incident response by utilizing the standardized emergency management organization.

In response to COVID-19, the operations department modified its service model and implemented new safety measures to keep staff and residents safe and healthy. A temporary moratorium on private property investigations and treatments was implemented to reduce social contact. The District has relied on phone consultation and electronic training material during this time to provide support to residents. Field staff have carefully logged and prioritized private property sources and service requests to quickly address outstanding concerns as soon as restrictions are lifted.

By implementing new safety measures, the department has been able to sustain all dedicated field staff in the field, full time. In addition to the moratorium on private property visits, safety measures include:

- Staggered in-times to reduce employee contact
- Additional space dedicated for changing to reduce locker room traffic and employee contact
- New deployment protocols that eliminate the need for field staff to enter the main administration building and allow them to go directly into the field
- Sanitation and cleaning schedules for all public spaces and high use equipment
- Online zoom meetings for all department meetings, working groups, and updates

Surveillance Department

Disease Weeks [14 - 17] | [March 29, 2020 – April 25, 2020]

Insect Surveillance Activities

The Surveillance Department began mosquito trapping in week 10 and will continue to trap weekly weather permitting. Temperatures during weeks 14 and 15 were not suitable for mosquito trapping activities. Weekly trapping will resumed during week 17 and will continue weather permitting for the remainder of the season.

San Gabriel Valley Mosquito Activity

Mosquito activity was average during weeks 16 – 17. Mosquito traps were placed when overnight temperatures were above 50° F and 114 mosquito samples were submitted for testing. Zero mosquito samples have tested positive for arbovirus. Mosquito activity is expected to increase as temperatures increase.

Week	Mosquito Activity	2020 Average / Trap
14	-	-
15	-	-
16	Average	40
17	Average	31

Arbovirus Activity in California

Arbovirus activity has been low in California. Three dead birds tested positive for West Nile virus in Santa Clara County. There have been no positive mosquito pools or human cases in 2020.

Department News

Jung Kim joined the Surveillance Department in the role of Limited Term Surveillance Technician. She is a graduate of UC Davis. Her experience at the Dead Bird Hotline and in the SGVMVCD Operations Department make her a welcome addition and we look forward to her contributions.

The Surveillance Department is collaborating with students at the University of the Pacific to identify the hosts of mosquitoes in the San Gabriel Valley. Understanding the host preferences of the mosquitoes in the San Gabriel Valley will aid in targeting educational and operational efforts.

The surveillance department is collaborating with the operations and communications department to evaluate larvicide efficacy in the field, treatment application methods and educational effects on behavior change.

Communications Department
 Disease Weeks [14-17] | [Mar 29 – Apr 25]

Outreach Activities:

Digital Activities:

E-blast and Media Activities

Name of Activity/Media	Date	Headline
E-blast to Trustees and City Officials	4/16	California Mosquito Awareness
Pasadena Now	4/21	Mosquito Awareness Week highlights need to prepare for spring, summer mosquitoes

EcoHealth Vector Education Program

1. K-6 Grades Curriculum Refresh
 - a. Designing visuals for the revamped preschool program
 - b. Modified Kindergarten through Grade 6 classroom programs for online (remote) learning
 - c. Created scripts for Kindergarten through Grade 6 online presentations
 - d. Recorded voice-overs for K-6 presentations
 - e. Created support material for elementary presentations including teacher content
2. Contributed weekly questions for ongoing social media polls and quizzes
3. Assisted with preschool material and other social media material for Mosquito Week
4. Explore use of Google Classroom
5. Work with illustrator Grace Chen to create Mosquito Intelligence Academy (MIA) illustrations (K-6 grades)

General Outreach

1. Advertising
 - a. 30 Lamar Jr. Billboards
 - b. Two digital billboards on the 210 and 10 freeways
 - c. Continued baseline outreach on Google Ads
2. Social Media
 - a. Established of Instagram quizzes, polls, and questions to assess resident knowledge
3. Events
 - a. National Public Health Week (4/5 – 4/11)
 - i. The District created a weeklong campaign about how mosquito and vector control programs affect everyone. SGVMVCD participated in the NPHW Twitterchat
 - b. California Mosquito Awareness Week (4/19 – 4/25)
 - i. The District ran a weeklong campaign across all our social media platforms.
 - ii. In collaboration with MVCAC, content was created for California Mosquito Awareness Week so other Districts could share content for the week. A social media strategy was created to help run the campaign statewide.
 - iii. MosquitoBites Live was started on Instagram as a Live show with a special guest from other Districts. The live shows centered around the importance of CA mosquito week, mosquito myths, and communications

in vector control with a special appearance by “Rita the Mosquita” from Greater Los Angeles County Mosquito and Vector Control.

4. MVCAC
 - a. Collaborating with Alameda Mosquito Abatement District and Greater Los Angeles County Vector Control District to create videos highlighting restrictive storm drain / trash capture devices

Design

1. Video Content
 - a. Completed “COVID-19: Mosquito Control is Here for You” video
 - b. Began editing on EcoHealth online video curriculum
2. Budget Cover Design – Draft submitted
3. Created District Zoom virtual background

Administrative/Trainings

1. Coordinate and train staff on Zoom meeting software
2. Completed verification of District’s Instagram @SGVmosquito account (4/10)
3. Trainings and Meetings
 - a. 4/2 – Webinar: CAPIO Crisis Comm – Ask us anything
 - b. 4/6 – Webinar: Monday.com crisis management workflow
 - c. 4/6 – Webinar: The status of Public Health in the US hosted by the National Public Health Association
 - d. 4/7 – Webinar: Communicating about climate change
 - e. 4/8 – Webinar: CAPIO COVID-19: It’s scary out there, how to use social media
 - f. 4/9 – Webinar: CAPIO Communicating During a Crisis
 - g. 4/15 – SGVMVCD training GLACVCD on Google Ads use for public health
 - h. 4/16 – Webinar: Monday.com new features training
 - i. 4/21 – Webinar: Field guide to citizen science

Treasurer's Report - March 2020
San Gabriel Valley Mosquito and Vector Control District

The attached Treasurer's Report is for March 2020.

The Total of All Funds Balance is \$5,133,357.34

All investments that were made by the District comply with our current investment policy. The District can meet all expenditures for the next six months with funds from the revolving fund, Los Angeles County operating pool, and the LAIF.

I certify that the above statements and attached Treasurer's Report are true and accurate to the best of my knowledge.

INTRODUCTION

The San Gabriel Valley Mosquito and Vector Control District (the "District") is a public health agency dedicated to providing vector control, disease surveillance and disease prevention services (the "Services") in the northeastern area of Los Angeles County. The District is an independent special district formed in 1989 that currently serves whole or portions of the cities of Alhambra, Arcadia, Azusa, Bradbury, Claremont, Covina, Duarte, El Monte, Glendora, Industry, Irwindale, La Puente, La Verne, Monterey Park, Monrovia, Pomona, Rosemead, San Dimas, San Gabriel, Sierra Madre, Temple City, Walnut, West Covina, and the County of Los Angeles.

In 1996 with resolution 96-03, the District adopted a mosquito and vector control assessment (the "Assessment") for fiscal year 1996-97 and every year thereafter for the purpose of funding vector surveillance and control activities and projects within the District (the "Assessment Area"). In 2017, the Cities of Baldwin Park, South Pasadena, and Pasadena were annexed into the District.

The Assessment is an annual assessment imposed for vector control services in effect prior to the effective date for Proposition 218 and, therefore, is not fully subject to the procedures and approval process established for new vector assessments by Proposition 218.

This Engineer's Report (the "Report") was prepared to:

- Describe the Services that will be funded by the assessments
- Establish a budget for the Services that will be funded by the assessments
- Reiterate the benefits received from the Services by property within the Mosquito and Vector Control District (the "Assessment District") and
- Reiterate the method of assessment apportionment to lots and parcels within the Assessment District.

As used within this Report, the following terms are defined:

"Vector" means any animal capable of transmitting the causative agent of human disease or capable of producing human discomfort or injury, including, but not limited to, mosquitoes, flies, mites, ticks, other arthropods, and small mammals and other vertebrates (Health and Safety Code Section 2002(k)).

"Vector Control" shall mean any system of public improvements or services that is intended to provide for the surveillance, prevention, abatement, and control of vectors as defined in subdivision (k) of Section 2002 of the Health and Safety Code and a pest as defined in Section 5006 of the Food and Agricultural Code (Government Code Section 53750(l)).

... ..

... ..

... ..

... ..

... ..

... ..

... ..

... ..

... ..

The District operates under the authority of the Mosquito Abatement and Vector Control District Law of the State of California. Following are excerpts from the Mosquito Abatement and Vector Control District Law of 2002, codified in the Health and Safety Code, Section 2000, et seq. which serve to summarize the State Legislature's findings and intent with regard to mosquito abatement and other vector control services:

2001. (a) The Legislature finds and declares all of the following:

(1) California's climate and topography support a wide diversity of biological organisms.

(2) Most of these organisms are beneficial, but some are vectors of human disease pathogens or directly cause other human diseases such as hypersensitivity, envenomization, and secondary infections.

(3) Some of these diseases, such as mosquitoborne viral encephalitis, can be fatal, especially in children and older individuals.

(4) California's connections to the wider national and international economies increase the transport of vectors and pathogens.

(5) Invasions of the United States by vectors such as the Asian tiger mosquito and by pathogens such as the West Nile virus underscore the vulnerability of humans to uncontrolled vectors and pathogens.

(b) The Legislature further finds and declares:

(1) Individual protection against the vectorborne diseases is only partially effective.

(2) Adequate protection of human health against vectorborne diseases is best achieved by organized public programs.

(3) The protection of Californians and their communities against the discomforts and economic effects of vectorborne diseases is an essential public service that is vital to public health, safety, and welfare.

(4) Since 1915, mosquito abatement and vector control districts have protected Californians and their communities against the threats of vectorborne diseases.

(c) In enacting this chapter, it is the intent of the Legislature to create and continue a broad statutory authority for a class of special districts with the power to conduct effective programs for the surveillance, prevention, abatement, and control of mosquitoes and other vectors.

(d) It is also the intent of the Legislature that mosquito abatement and vector control districts cooperate with other public agencies to protect the public health, safety, and welfare. Further, the Legislature encourages local communities and local officials to adapt the powers and procedures provided by this chapter to meet the diversity of their own local circumstances and responsibilities.

Further the Health and Safety Code, Section 2082 specifically authorizes the creation of benefit assessments for vector control, as follows:

Faint, illegible text at the top of the page, possibly a header or introductory paragraph.

Section header or sub-header, faintly visible.

Text block, first paragraph of the main body.

Text block, second paragraph of the main body.

Text block, third paragraph of the main body.

Text block, fourth paragraph of the main body.

Text block, fifth paragraph of the main body.

Text block, sixth paragraph of the main body.

Text block, seventh paragraph of the main body.

Text block, eighth paragraph of the main body.

Text block, ninth paragraph of the main body.

Text block, tenth paragraph of the main body.

Text block, eleventh paragraph of the main body.

Text block, twelfth paragraph of the main body.

(a) A district may levy special benefit assessments consistent with the requirements of Article XIID of the California Constitution to finance vector control projects and programs.

This Engineer's Report ("Report") incorporates and is intended to be consistent with the benefit determinations, assessment apportionment methodology and other provisions established by Resolution 96-03 and the other documents and reports that established the Assessment. Reference is hereby made to Resolution 96-03 and other supporting reports and documents for further details.

PROPOSITION 218

This Assessment was formed prior to the passage of Proposition 218, The Right to Vote on Taxes Act, which was approved by the voters of California on November 6, 1996, and is now Article XIIC and XIID of the California Constitution; and therefore, this assessment is not fully subject to its requirements. Nevertheless, a brief discussion of Proposition 218 is provided to indicate that this proposition effectively strengthens the special benefit justification for this assessment.

Proposition 218 provides for benefit assessments to be levied to fund the cost of providing services, improvements, as well as maintenance and operation expenses to a public improvement which benefits the assessed property. When Proposition 218 was initially approved in 1996, it allowed for certain types of assessments to be "grandfathered" in, and these were exempted from the property-owner balloting requirement.

Beginning July 1, 1997, all existing, new, or increased assessments shall comply with this article. Notwithstanding the foregoing, the following assessments existing on the effective date of this article shall be exempt from the procedures and approval process set forth in Section 4:

(a) Any assessment imposed exclusively to finance the capital costs or maintenance and operation expenses for sidewalks, streets, sewers, water, flood control, drainage systems or vector control.

Vector control was specifically "grandfathered in," underscoring the fact that the drafters of Proposition 218 and the voters who approved it were satisfied that funding for vector control is an appropriate use of benefit assessments, and therefore confers special benefit to property.

GENERAL DESCRIPTION OF SERVICES

The District's purpose and mission is to protect the public health, safety and welfare by providing vector education and control services to property and citizens of Los Angeles County. The services (the "Services") to be funded by the assessments are for the following purposes within the Assessment Area:

- to fund vector control operations;
- to protect the community from known vectors and vector-borne diseases;
- to fund vector surveillance and disease control programs;
- to fund related capital improvement and operational services; and
- to fund administrative costs related to the Services or the assessments.

SENATE BILL NO. 1000
BY SENATOR [illegible]
[illegible text]

CHAPTER 1
SECTION 1
[illegible text]

METHOD OF ASSESSMENT

The method used for apportioning the assessment is based upon the proportional special benefits to be derived by the properties over and above general benefits conferred on real property or to the public at large.

BENEFIT FACTORS

In order to allocate the proposed assessments, the Engineer of Work begins by identifying the types of special benefit arising from the aforementioned Services and that would be provided to property in the Assessment Area. These types of special benefit are as follows:

- Increased safety, welfare and protection of health on properties.
- Reduced mosquito and vector populations on property and as a result, enhanced desirability, utility, usability and functionality of property in the Assessment Area
- Reductions in the risk of new diseases and infections on property in the Assessment Area
- Increased public awareness and understanding of how to protect themselves, their property, and pets and livestock from diseases carried by insects and small mammals on properties.
- Protection of economic activity on property in the Assessment Area
- Protection of agriculture, tourism, and business industries
- Reduced risk of nuisance and liability on property in the Assessment Area

The above benefit factors, when applied to property within the areas of the San Gabriel Valley Mosquito and Vector Control District that receive Service funded by the Assessments, confer special benefits to property and create specific enhancement of property values because properties are more valuable in areas with improved public health, welfare, safety, and quality of life and environment.

METHOD OF ASSESSMENT

The methodology for spreading the benefit assessment portion of the cost of providing vector surveillance and control services to each lot or parcel is based on the type of use of each property. To establish the special benefit to the individual parcels within the District a Benefit Unit (BU) system is utilized. Each parcel of land is assigned Benefit Units in proportion to the estimated benefit the parcel receives from vector control Services funded by the Assessments relative to the other types of parcels within the District and based on the parcel's land use. The Benefit Unit assignment is provided in the following table:

1. The Board of Directors of the Company has approved the following resolution:

Resolved, that the Board of Directors of the Company hereby authorizes the Company to execute and deliver to the Secretary of State of the State of New York a Certificate of Incorporation and a set of Bylaws for the Company, and to file the same with the Secretary of State of the State of New York, and to take all such other and further action as may be necessary or appropriate to carry out the foregoing.

Witness my hand and the seal of the Company this 1st day of January, 1998.

THESE PROVISIONS SHALL BE APPLICABLE TO ALL MEMBERS OF THE CORPORATION WHO JOIN AFTER THE EFFECTIVE DATE OF THIS CHARTER. THE CORPORATION SHALL HAVE THE RIGHT TO AMEND, REPEAL, OR SUSPEND ANY OF THESE PROVISIONS BY A MAJORITY VOTE OF THE BOARD OF DIRECTORS.

DURATION OF ASSESSMENT

The duration of the Assessment, pursuant to Resolution 96-03, is for fiscal year 1996-97 and every fiscal thereafter, so long as mosquitoes and vectors remain in existence and the District requires funding for vector surveillance and control activities and projects within the District.

APPEALS AND INTERPRETATION

Any property owner who feels that the assessment levied on the subject property is in error as a result of incorrect information being used to apply the foregoing method of assessment, may file a written appeal with District Manager of the San Gabriel Valley Mosquito and Vector Control District or his or her designee. Any such appeal is limited to correction of an assessment during the then current Fiscal Year or, if before July 1, the upcoming fiscal year. Upon the filing of any such appeal, the District Manager or his or her designee will promptly review the appeal and any information provided by the property owner. If the District Manager or his or her designee finds that the assessment should be modified, the appropriate changes shall be made to the assessment roll. If any such changes are approved after the assessment roll has been filed with the County of Los Angeles for collection, the District Manager or his or her designee is authorized to refund to the property owner the amount of any approved reduction. Any dispute over the decision of the District Manager, or his or her designee, shall be referred to the Board of Trustees. The decision of the District Board of Trustees shall be final.

STATE OF CALIFORNIA

OFFICE OF THE ATTORNEY GENERAL
COURT REPORTERS AND INTERPRETERS
REGULATIONS

ARTICLE 1. GENERAL PROVISIONS

Section 1. The purpose of this act is to establish a regulatory framework for the practice of court reporting and interpreting in the State of California. The act shall be known and may be cited as the Court Reporters and Interpreters Act.

Section 2. The definitions in this article shall apply to this act unless the context clearly indicates otherwise.

Section 3. The Board of Court Reporters and Interpreters shall be established as a public body within the State of California. The board shall be composed of members appointed by the Governor, with the following qualifications:

- (a) One member shall be a court reporter in good standing with the National Court Reporters Association.
- (b) One member shall be a court interpreter in good standing with the National Association of Court Interpreters.
- (c) One member shall be a member of the State Bar of California.
- (d) One member shall be a member of the State Bar of California who is not a court reporter or interpreter.
- (e) One member shall be a member of the State Bar of California who is not a court reporter or interpreter and is not a member of the State Bar of California.

Section 4. The board shall have the following powers and duties:

- (a) To regulate the practice of court reporting and interpreting in the State of California.
- (b) To issue and enforce rules and regulations necessary to carry out its powers and duties.
- (c) To discipline members of the board who violate the rules and regulations.
- (d) To establish and maintain a fund for the education and training of court reporters and interpreters.
- (e) To cooperate with other public bodies in the State of California.

Section 5. The board shall have the authority to sue and be sued, to employ and be employed by, and to hold real and personal property in its own name.

ASSESSMENT

WHEREAS, the San Gabriel Valley Mosquito and Vector Control District directed the undersigned Engineer of Work to prepare and file a report for the Assessments for fiscal year 2020-21;

NOW, THEREFORE, the undersigned in accordance with the provisions of Article XIID of the California Constitution, the Government Code and the Health and Safety Code and the order of the Board of Trustees, hereby make the following determination of an assessment to cover the portion of the estimated cost of said Services, and the costs and expenses incidental thereto to be paid by the San Gabriel Valley Mosquito and Vector Control District.

The total estimated expenditures for vector surveillance and control services to be funded by revenue from the Assessment for FY 2020-21 are \$5,307,843.

The boundaries of the District are contiguous with the boundaries of the District, as defined by the State Board of Equalization. The lines and dimensions of each lot or parcel with the District are shown on the maps of the Assessor of the County of Los Angeles and are incorporated herein by reference.

I hereby place opposite the Assessor Parcel Number for each parcel or lot within the Assessment Roll, the amount of the Assessment for the fiscal year 2020-21 for each parcel or lot of land within the said District in accordance to the method of assessment apportionment established in 1996 pursuant to Resolution 96-03.

The undersigned hereby certifies that the foregoing is a true and correct copy of the original as the same appears in the records of the undersigned.

Witness my hand and the seal of the undersigned at the County of _____ State of _____ this _____ day of _____ 20____.

Notary Public for the State of _____

My commission expires on _____ 20____.

Notary Public for the State of _____

The total Assessments and Assessment rates for fiscal year 2020-21 are as follows:

FIGURE 4 – ASSIGNED BENEFIT UNITS

Land Use	Number of Parcels	Total Assessment	% of Total Assessment

Re: Fiscal Year 2020/21 Budget

It is my pleasure to present the Draft Fiscal Year (FY) 2020/21 annual budget to the San Gabriel Valley Mosquito and Vector Control District Board of Trustees for consideration and adoption.

In response to the economic uncertainty caused by the COVID-19 pandemic, the draft FY 2020/21 annual budget has been conservatively drafted in anticipation of future revenue losses and to help mitigate negative impacts to our service provision. As such the annual benefit assessment rate for single family equivalent (SFE) is not proposed to increase.

In review of the budget, it is important to note that the estimated actual total annual revenue for FY 2019/20 has been revised downward to \$5,287,397. This 1.4% reduction has been made to reflect anticipated losses resulting from second installment property tax late and none payments in 2020. The total revenue estimate for FY 2020/21 of \$5,133,451 reflects a projected 5% reduction in total property tax collections in the coming fiscal year.

FY 2019/20 is expected to conclude with a savings of approximately \$240,099. These surplus monies are a result of several full-time employees on extended leaves of absence and are not indicative of cost savings garnered in the course of normal operations. These savings are proposed to be distributed to our designated reserve funds at the conclusion of the annual audit.

The Consumer Price Index (CPI-U) for urban wage earners over the past 12 months was 1.9%. However, due to the recent impact of COVID-19 on the global economy, the single month CPI-U for Los Angeles County from February to March 2020 was -0.7%. At the time of the drafting of this transmittal letter, it is not possible to predict when the economy will recover from these events. Therefore, the decision has been made to not recommend a Cost-of-Living (COLA) wage increase for district employees.

The District's Operations Building suffered significant damage due to a faulty water supply line in November of 2019. District staff have worked with VCJPA insurance adjustors to recover funds expended for remediation and negotiate the amount for compensated losses to the structure. Qualifying compensated losses to the structure total

\$56,143. Due to the age and condition of the building prior to the flood event, and the need to expand and improve the women's locker room, the amount recovered from our insurance provider will not cover the cost of any significant facility improvements. \$100,000 is requested to be transferred out of designated reserve fund 3165 – Building and Facilities to cover the projected remaining cost of repairs and material replacement, and to make the necessary women's locker room improvements.

The following describes any significant changes to personnel and equipment, capital outlay projects, and transfers to and from District reserves.

Personnel:

- All new full-time position requests have been suspended for FY2020/21.
- One part-time Extra Help Outreach position is proposed in the Communications Department to assist with the growing demand for original multimedia content creation.

Capital Outlay:

- \$100,000 for the purchase and modification of two fleet vehicles in accordance with District vehicle replacement criteria.
- \$34,000 for the purchase and modification of one fleet vehicle for personnel hired in FY2019/20.

Reserves:

- \$310,548 from designated reserve fund 3125 – Capital Projects to cover projected 5% revenue loss in FY 2020/21.
- \$100,000 from designated reserve fund 3165 – Building and Facilities for repair and improvement of Operations Building.

I respectfully submit the FY 2020/21 Annual Budget for your review and consideration.

Respectfully,

Jared Dever
District Manager

Department Overview

The San Gabriel Valley Mosquito and Vector Control District was established in 1989 to protect residents from vector-borne diseases, more specifically at that time, to address a local outbreak of a mosquito-borne disease called St. Louis encephalitis.

The District provides mosquito and black fly control services to 26 cities in the San Gabriel Valley, and some unincorporated portions of Los Angeles County; a total area of 259 square miles. The District is governed by a 27-member Board of Trustees, consisting of an appointed representative from each city and unincorporated portions of the County of Los Angeles. The District's services are funded by a benefit assessment levied on each parcel in the District.

The District Manager is appointed by the Board of Trustees and serves at its pleasure. The District Manager is the Chief Officer of the District. The District Manager appoints all department heads and is responsible for overseeing the daily operations of the District. The District Manager is assisted by an Executive Assistant/Board Clerk. The Executive Assistant/Board Clerk is responsible for the preparation of the agenda for the Trustee Board meetings and the maintaining of all official District documents and records.

The District Counsel advises the Board of Trustees on all matters of law in the conduct of District affairs. District Counsel prepares resolutions and contracts for consideration by the Board of Trustees. In addition, the District Counsel reviews all legal documents and represents the District in matters involving litigation.

Budget Highlights

Personnel – The position of Executive Assistant/Clerk of the Board has been moved from the Administrative Services Department to the Executive Department. This transfer of position within the budget has been made to correctly account for the duties and roles of employees by department and does not negatively impact the budget.

Capital Outlay/Reserves - \$100,000 is requested to be transferred out of designated reserve fund 3165 – Building and Facilities for the repair and improvement of the Operation Building.

Department: Administrative Services

Department Overview

The Administrative Services Department provides various support functions for the District. Administrative Services is responsible for Finance and Budget, Human Resources, Risk Management (Insurance) and Payroll. Financial responsibilities include developing and monitoring the annual budget; preparing monthly financial statements, accounts payables and receivables; administering petty cash; deferred compensation programs; and ensuring government accounting requirements and standards.

Human Resources coordinates the recruitment and hiring of District staff; administers employee benefits, coordinates employee relations and unemployment issues; maintains employee files; processes District vehicle incident claims; and administers the District's Personnel and Salary Resolution.

Insurance activities involve processing, resolving and settling claims against the District, as well as claims the District has against others. The District is a member of a self-insurance pool (Vector Control Joint Powers Authority) made up of approximately 40 other California vector control districts. This organization helps administer and manage employment, workers compensation, liability, collision, property and other claims against the District.

Budget Highlights

Personnel – Four Administrative Department staff members currently undertake all administrative responsibilities in the day to day operation of the District. In addition, we provide support to District staff as well as to the residents of the San Gabriel Valley. Although the Executive Secretary/Clerk of the Board position is now allocated to the Executive department, the Administrative staff will continue to work closely with this staff member for all District business.

Department: Operations

Department Overview

The Operations Department is responsible for implementing mosquito and vector control prevention strategies in the field. Long-term mosquito prevention is accomplished by incorporating Integrated Vector Management methodologies, which uses a combination of applied field techniques involving physical, chemical, and biological control methods.

The Department is also responsible for the repair and maintenance of the District's facility and fleet. (14) Vector Control Specialists, (2) Limited-term Vector Control Technicians, (1) Operations Coordinator, and (10) seasonal employees, perform mosquito prevention and management. (1) Customer Service Representative (Virtual Vector Control Specialist) facilitates digital source condition confirmation and administrative support. (1) Building and Grounds Maintenance Specialist performs facility maintenance. (1) Data Analyst supports all aspects of the operation through the extraction and analysis of information. All working under the Operations Manager.

Responsibilities of operational field staff include the inspection and treatment of neglected pools and ponds, channels, underground storm drains, spreading basins, rivers, flood channels, street gutters, and other urban mosquito breeding sources. They also work with city officials and other public agencies to improve infrastructure and communicate public health threats.

Budget Highlights

Labor and Salaries

The Department is not planning to create or eliminate any positions this fiscal year.

Specialty Vehicle Purchase

The Department will be purchasing (1) utility terrain vehicle (UTV), dedicated for use in open flood channel systems that are too small for a full-size vehicle. The UTV will be used to inspect and treat these systems on a regular management schedule. The UTV will allow Specialists to share the same vehicle improving safety and efficiency.

Replacement Vehicle Purchase

The Department will be purchasing (2) full-size trucks as part of an ongoing schedule to replace the oldest and/or most costly vehicles in the fleet. The systematic replacement of vehicles will reduce maintenance costs while improving safety and efficiency.

DRAFT

Department: Surveillance

Department Overview

The Scientific Program is responsible for the surveillance program that monitors the abundance of disease-carrying insects and occurrences of vector-borne diseases, as well as all technical aspects of the overall program.

The department is comprised of a Scientific Program Manager, two Vector Ecologists, two Assistant Vector Ecologists, and two LTD Surveillance Technicians. The disease surveillance program serves as an early warning system in the detection of mosquito-borne viruses that can infect people and animals. Testing for the presence of viruses and pathogens in mosquitoes and wild birds helps identify disease transmission before human cases occur.

The Vector Ecologists are involved in developing control and monitoring strategies for both native and invasive mosquito species. They are responsible for conducting studies to improve mosquito treatment efficacy and monitoring for pesticide resistance.

The Scientific Program continues to collaborate with local agencies, national agencies and universities on studies surrounding emerging vector and disease issues.

Budget Highlights

Personnel – Seven Surveillance Department staff members monitor mosquito populations and environmental evidence of arbovirus to aid in efficiently targeting operational and communications work in the district. The surveillance department has established a proactive surveillance system to serve the communities of the districts. The Senior Vector Ecologist position was re-hired as a Vector Ecologist position in 2020 to increase efficiency within the department.

New Technologies Program – The Surveillance Department identifies and tests new technology for use in the district. As new formulations of pesticides become available, it is important to evaluate their efficacy against mosquitoes in the San Gabriel Valley and the Surveillance Department tests promising new products to determine their suitability for use in the District. These evaluations increase efficiency across departments in achieving the District's mission.

Mosquito Ecology Program – The unique ecology of the San Gabriel Valley provides an opportunity to perform ecological research as it relates to the biology of mosquitoes. The Surveillance department collaborates with the other departments, other mosquito control agencies and universities to use mosquito ecology in increasing programmatic efficiencies.

Department: Communications

Department Overview

The role of the Communications Department is to promote District services and raise awareness about current and emerging vector-related public health issues. The department designs outreach campaigns and materials that emphasize shared responsibility of vector control with the public. This long-term, sustainable approach uses outreach strategies that engages key target audiences, such as students, residents and elected officials. Regularly assessing programs, using the latest communications technology and being knowledgeable about the diverse population in San Gabriel Valley are vital to ensure a comprehensive outreach program. Campaigns conducted by the Communications Department range from hyper-local targeting to the regional level. Department staff will regularly collaborate with other public health partners and organizations to increase reach and awareness.

Budget Highlights

Personnel - Seven Communications Department staff members provide outreach to nearly 2 million residents within the District. Our outreach services include community presentations, school presentations, coordinating and staffing event booths, delivering brochures, meeting community and elected officials, and maintaining communications with community partners. The demand for our services continues to grow as more stakeholders request in-person participation with our giant inflatable mosquito booth, meetings with our Ada Eez mascot, and online content that the staff produces in-house.

Education Program – The District’s EcoHealth Vector Education Program serves at least 550 private and public schools. Two teacher-credentialed Education Specialists provide key public health education about mosquito-borne disease prevention. From in-classroom programs, such as Mosquito Intelligence Academy to citizen science projects, such as Aedes Super Cup, the Education Specialists require materials and support to reach the thousands of families in San Gabriel Valley. The Education Specialists will continue to meet the increased demand for remote learning content due to major shifts in the public and private education fields in 2020.

Computer Software – To maximize reach to nearly two million residents, the District must acknowledge the growing need of the public to learn remotely and not at in-person events. The demand for remote learning content from our EcoHealth to general outreach programs means staff must be ready to deliver education swiftly and in a relevant format that is accepted by residents, families and other District stakeholders.
